

7/9/68

Bill Boxley,

You asked if there is an airstrip on the north shore near the camps.

There is.

Going from Lacombe to Slidell, it is closer to Lacombe, on the left side of the road. There is a good road leading to it.

It is clearly marked, not hidden.

There was a fourth, a maritime camp about which I am giving Louis a report. It was small but well financed.
